CISNEROS IS ALIVE.

The President of the Cuban Republic Not Dead.

HIS PHYSICIAN IN AMERICA.

The Patriots Say They Will Never Give Up—All They Need Is Arms—They Have Over Thirty Thousand Men in the Field. Reports of Spanish Atrocities Confirmed—Other Cuban War News.

NEW YORK, June 14.—Among the passengers who landed in New York Saturday on the steamer Valencia from Cuban ports, via Nassau, N. P., was Dr. H. W. Danforth of Milwaukee, Wis., who for the past 15 months has been the personal physician of the president of the Cuban republic, Salvador Cisneros, the marquis of Santa Lucia. The doctor is in the United States on a six months' leave of absence, having left Cuba on May 29 in a 16-foot boat for the island of New Providence. After much suffering and exposure he reached Nassau, and there awaited the arrival of the Valencia.

According to Spanish report, President Cisneros died in February last, and this "news" was semi-officially confirmed in March last. But Dr. Danforth was with the president as late as April 6 last, and had in his possession a letter, which he showed to the representative of the Associated Press, dated April 29, from the president. The latter is not only not dead, but when Dr. Danforth left him he was full of quiet enthusiasm and animated by the most confident feeling for the eventual success of the Cuban cause.

Dr. Danforth was asked to express an opinion as to the numerical strength of the Cuban insurgents, being informed that late advices from Cuba placed the number at 8,000 men. He said:

"It is difficult, if not impossible, to arrive at a correct estimate. But you can say that Cubans for a certainty have at least 30,000 to 35,000 today armed and in good shape."

"The Cubans have not been idle during the last five years, they having been importing arms and ammunition right along. In brief the Cubans are fighting a desperate fight and are in a good condition to continue it. The Spanish are also engaged in a desperate contest, but they are exhausted or almost so."

"I certainly think the Cubans will succeed, not by reason of numerical strength, for the Spaniards have about 150,000 men in the field, but there is no question but that the Cubans will ultimately win. All their leaders are sworn not to give up until they are all dead. They are bound by oath to fight until the last, and they will do so."

"As to Spanish atrocities, what do you know of them of your own personal knowledge?" Dr. Danforth was asked.

"The position which I occupied with the insurgent forces necessarily precluded my obtaining personal knowledge of the atrocities complained of. But of the reports received at headquarters there is absolutely no doubt of their existence. I remember one little incident. It was last September. Some 3,000 or 4,000 Spanish soldiers had been sent to relieve Cascarro. In the fight which followed the Spanish column killed, among others, an insurgent captain. He was to have been promoted the next day to the rank of major. When we secured his body it was a horrible sight. Completely covered with bayonet wounds and machete cuts, hacked and stabbed with the most horrible and unnecessary cruelty."

"But from good sources I have heard and feel justified in asserting that men, women and children have been most outrageously treated by the Spaniards in nearly all the devastated parts of Cuba. Their homes have been burned, their property destroyed, and they have been relegated to Weyler's 'zones of protection'—zones of starvation is what they should be termed."

"What, in your opinion, will be the next steps taken by the Spaniards in Cuba?"

"It is difficult to answer that question. But it is to be presumed that Weyler will continue wandering about the island certifying to the pacification of the provinces. According to reports current in the island when I left there, Weyler will be recalled, and Campos will be the man who will succeed him, and he will be instructed broadly to do the best he can under the circumstances."

"It is a shame," continued Dr. Danforth, with energy, "that United States citizens are not more thoroughly protected. As for the Spaniards, why, they shoot first and inquire after as to the standing of the men, American or Cuban, and then they say he was shot by his own friends."

"When I left the president and his party they were all filled with hope and trusting in the United States. Should the United States intervene? Most emphatically, yes."

"I sincerely hope that the United States will soon decide to recognize the belligerency of the Cubans."

"How would that assist them?"

"Why by giving the Cubans the right to float their bonds and by compelling the Spaniards to treat their prisoners with some show of consideration. If the Cubans were recognized as belligerents any Cuban taken prisoner would have a chance to be treated as a prisoner of war."

"What is the present condition of the Cuban insurgents?"

"Their condition is satisfactory. It is true they are hard pressed in the provinces on account of want of rations, but as a whole they are doing very well. In Santiago de Cuba there are no cattle, but plenty of vegetables, and in the province of Puerto Principe there is an abundance of cattle and no vegetables. In Santa Clara, on the other

hand, there is plenty of everything and the same holds good with the provinces of Matanzas and Havana. In Pinar del Rio there are no cattle at all; only vegetables."

"As to arms and ammunition? How are the Cubans situated in that respect?"

"They still want arms and ammunition and want them very badly."

FILIBUSTERING EXPEDITION.

One of the Most Important For Several Months About to Depart For Cuba.

WASHINGTON, June 14.—The treasury department has received by reference from the secretary of state a communication from the Spanish minister to the effect that he has information that an important filibustering expedition is being organized on the coast of Florida, and asks that steps be taken by the government to frustrate it. No particulars were given, so that the only action that could be taken by the department was to communicate this information to all collectors and masters of the patrol fleet on the Florida coast with instructions to be on the alert to prevent the departure of any expedition. This has been done by telegraph.

It developed later that the department has specific information of the shipment of arms and ammunition for what promises to be one of the most important filibustering expeditions for several months. A carload of arms left Jacksonville Friday morning by Florida East Coast railroad, and passed near Smyrna, southbound. A second carload of rifles and dynamite left Jacksonville Saturday morning on the regular freight train for the probable purpose of being transferred to some vessel on the east coast, probably the yacht "Valusia," which has been engaged to transfer these munitions from the railways to the vessel destined for Cuba. It is probable the vessel which will receive these arms will not come close to shore.

GENERAL LEE'S RESIGNATION.

It Has Been in the President's Hand Ever Since the Inauguration.

HAVANA, June 14.—General Lee, when shown a Washington dispatch to the effect that J. Frank Aldrich of Illinois would shortly be appointed to succeed him as consul general here expressed no surprise.

General Lee's resignation has been in President McKinley's hands since the new administration first came into power. He has continued at his post at the request of Secretary Sherman, in order to give President McKinley time to more carefully consider the question of the appointment of his successor. Unless previously relieved General Lee will probably return to Virginia upon leave next month, Vice Consul Springer remaining in charge.

Investigate Cuban Affairs.

MADRID, June 14.—At a meeting of the dissident conservatives Saturday, Senor Silveira, the leader of the party, declared that the Canovas ministry had signed the death warrant of parliamentary government. He earnestly advocated an investigation into the real state of affairs in Cuba, the creation of a colonial army and the development of the material interests of the island, as well as a reform in its army.

ANNEXATION OF HAWAII.

It Will Be One Feature of the McKinley Administration.

WASHINGTON, June 14.—The annexation of Hawaii to the United States will be one feature of the McKinley administration. It is announced that immediately after the tariff bill passes the president will send to congress a message accompanied by a plan of annexation of Hawaii to the United States. This has been under serious consideration for some time.

As to the method the president will pursue in bringing annexation to the attention of congress, it is thought he will not submit a treaty for ratification by the senate. This would require a two-thirds vote, which might not be secured. He will more probably send a message to both houses of congress recommending the adoption of a joint resolution authorizing the executive to effect annexation, a course very similar to that used when Texas was annexed. In this case, however, no war would follow, as did that with Mexico after the annexation of Texas. Hawaii is a free and independent nation, and if she wants to become a part of the United States and Uncle Sam is willing, there is none to say her nay. The joint resolution will provide for a commission to arrange all the details of the annexation.

ASSAULTED AND ROBBED.

Nine Masked Men Rob a Farm Residence Near Massillon, O.

MASSILLON, O., June 14.—Nine masked men entered the farm residence of the Bender family, two and a half miles west of this city, at 11 o'clock at night, during a terrific thunderstorm, and robbed them of between \$3,000 and \$4,000. After having gained an entrance they alarmed the family by loud cries of fire. The family sprang from their beds, and ran down stairs.

Mrs. Ricksecker, the housekeeper, was the first to reach the scene, and was knocked insensible, bound and gagged, as were the other members of the family, all of whom are aged people. At the point of a revolver the robbers forced the eldest son to tell where the money was kept. After securing the booty the robbers drove hastily away. A sister suffered a nervous shock, and doubts of her recovery are entertained.

About 865 tons of gold are estimated to be in actual circulation as money in the United Kingdom, that being approximately the weight of £110,000,000.

EXPLODED A BOMB.

An Attempt Made to Kill the President of France.

NOT A PERSON WAS INJURED.

The Bomb Was a Clumsily Made Affair and Could Not Have Done Much Harm. It Is Thought to Have Been the Act of a Mad Man Rather Than That of a Conspirator.

PARIS, June 14.—An attempt was made yesterday to assassinate Felix Faure, president of the French republic, while he was en route to Long Champs to witness the grand prix. While M. Faure's carriage was passing a thicket near La Cascade restaurant in the Bois de Boulogne, a bomb, which subsequently proved to be a piece of tubing about six inches long and two inches in diameter, with a thickness of half an inch, charged with powder and swan-shot, exploded.

No one was injured by the explosion. A man in the crowd, suspected as the prime mover, was arrested. He gave his name as Gallet, and made only the briefest replies to questions put to him by the police. Gallet said he had no occupation but resided at Levallois-Perret. He is believed to be insane, for he shouted as the carriage passed along so loudly as to attract general attention in the crowd.

The police have also made another arrest, in this case a youth, but it is thought probable that the actual culprit escaped.

The news of the attempt spread like wildfire through the city, and when M. Faure returned to the Elysee, the streets along the route where it was known he would drive were crowded with people, who cheered him vociferously.

The bomb was a clumsily made affair, to which a piece of fuse was attached, and the fuse was probably lighted by a paper fixed in the end of a stick as soon as the head of the procession came into view. The presumption is that at the moment the fuse was lighted the culprit fled, and in any case, the bomb could not have done much harm.

In the thicket where the police found the remnants of the bomb, they found also a pistol upon which was engraved the words "Mort A Felix Faure" and the names Alsace-Lorraine and Cologne. Near the pistol was a small dagger bearing a similar threatening inscription, and a few feet away the police found a newspaper with a cartoon grossly insulting to the president. This contained an offensive inscription hinting at the execution of M. Faure.

Several persons have stated to the police that the moment the explosion occurred a man was seen to run swiftly into the thicket, but reports of this character are likely to be mere conjecture.

This attempt on the life of M. Faure was made on the very spot where Berezowsky tried to shoot the czar while driving to the military review at Long Champs in 1867, and where Francois, a lunatic, fired his revolver at M. Faure on July 14 last.

On his arrival at the race course, M. Faure was warmly congratulated on his escape by the Grand Duke Zergins, M. Hanotaux and other members of the cabinet.

Some of the papers assert that Rousset, the detective, accidentally saw the man who threw the bomb and grappled with him, but was unable to hold him in the melee.

It is rumored the prefect of police has information connecting the Paris anarchists with the outrage, but it is generally believed that the act was the act of a mad man rather than that of a conspirator.

STARTED OUT TO KILL.

A Drunken Negro Kills Five Others and Shoots at Six More.

MERIDIAN, Miss., June 14.—News has just reached here of the murder of five negroes in the extreme northwestern portion of Kemper county. A negro man named Sibley, while crazy drunk on blind tiger whisky, secured a gun and started out to kill every person he met. The first he came across happened to be five negroes, three women and two children. The fiend shot them down and left them dead where they fell. He also shot at six other negroes who narrowly escaped.

As soon as the bloody work of Sibley was discovered, the most intense excitement prevailed, and a mob was organized to lynch the murderer. Sibley took to the woods, carrying his shotgun with him, and at last accounts the mob had surrounded him, and a bloody fight was imminent.

Word comes from DeKalb that the sheriff of Kemper county has gone to the scene with a large posse.

Panic at a Church Entertainment.

BUFFALO, June 14.—A panic occurred in a Polish schoolhouse on Broadway last night. A church entertainment was being held and 1,500 people, principally women and children were present. A hanging lamp fell and a cry of fire was raised. Men, women and children rushed, crowded and stumbled and tramped over each other in their efforts to reach the exit. No one was fatally injured, but a large number of women and children were bruised. The fire was soon extinguished.

NEW YORK, June 14.—Albert Benson and Thomas Olson got into a friendly wrestling match in Brooklyn yesterday afternoon. Olsen lifted Benson off his feet and threw him backward. He did not rise, however, and Olson walked over and tried to raise him. Benson's neck was broken.

INDIAN IN WAR DRESS.

Diplomacy of the Government Agent Was All That Averted Trouble in Montana.

WASHINGTON, June 14.—The Indian office has received from Captain Stouch, the agent of the Tongue River reservation, a detailed report of the recent trouble at the post resulting from the arrest of the Indian, Stanley, for the murder of settler Hoover. The report was supplemented by a telegram, stating that Yellow Hair and Sam Crow, accomplices of Stanley, had been arrested and delivered to the civil authorities. He adds that the Indians are now quiet and at their homes.

Captain Stouch's report indicates that the trouble was largely caused by the conflict between the state civil authorities and the federal officers. While not a shot was fired, there was fear at one time that trouble would be precipitated if the sheriff and his posse were allowed to take the murderer. Captain Stouch declined to give him up in response to the demands of the sheriff and succeeded in avoiding a possible conflict.

The young brave who was accused of the murder had declined to surrender, and sent word to the agency that he would fight at 3 o'clock. After the Indian custom, he decked himself in war dress and took station on a hill near the agency buildings, sending in his challenge.

Captain Stouch called the head men together and told them that he would not allow the duel, but that they must compel the brave to surrender. A large number of Indians had gathered, and, in the opinion of the agent, it was possible that a fight might incite them to take a hand. Several days afterward Stanley submitted to arrest, and was locked up in the reservation jail. It was then that the sheriff demanded his custody, and threatened to have Captain Stouch arrested for interference. The Indian was finally turned over to the sheriff and taken to Miles City.

Captain Stouch concludes his report with the recommendation that two troops of cavalry be stationed at the agency, as the settlers are in a disturbed state and the presence of the soldiers would tend to restore confidence.

PROGRAM OF CONGRESS.

Senators Will Debate the Tariff Bill and Congressmen Will Do Nothing.

WASHINGTON, June 14.—The sugar schedule of the tariff bill is expected to continue to be the subject of consideration in the senate for the next day or two. The Hawaiian treaty and anti-trust amendments are still to be disposed of, and both will excite considerable debate. With the sugar question settled, the agricultural schedule, which has been partially considered, will be again taken up, and will in time be followed by the tobacco schedule if, in the meantime, the Republicans agree upon its provisions.

The Republican managers hope to dispose of the spirit and cotton schedules during the week and possibly to make some progress with the hemp and flax provisions. There will be no great amount of debate on either cotton or spirits. There was at one time talk of an attempt to add compensatory duties on cotton goods because of the duty fixed on raw cotton but this is understood to have been abandoned, if ever seriously contemplated. The Democrats do not find the present schedule objectionable except in minor details and will allow it to go through with but little discussion.

The Republican managers now hope that the debate in the senate will be concluded within the next two weeks, notwithstanding less than one-third of the bill has been gone over. They have secured an agreement with the Democrats that the sessions shall begin at 11 o'clock each day instead of 12 o'clock, after Wednesday next.

The house probably will continue its policy of adjourning from Monday over to Thursday and from Thursday until the following Monday. No business will be done and the sessions will be merely perfunctory.

THE END NOT REACHED.

Only 1,500 Tailors Are Out, While 7,000 Have Returned to Work.

NEW YORK, June 14.—The strike of the tailors has entered upon its fifth week, and there seems little hope that the end will be reached for at least 10 days more. Everything in and around the headquarters of the strikers is quiet.

Groups of idle tailors congregate in front of their headquarters and discussed the situation.

The situation, as reported by leader Schoenfeld, is as follows: Contractors who succumbed to the demands of the Brotherhood of Tailors, 300; returned to work, 7,000; contractors who ignore the demands and refuse to settle, 150; tailors affected by the latter and on a strike up to date, 1,500.

Deliberate Attempt to Wreck a Train.

NEW YORK, June 14.—A train of 11 cars on the Sea Beach railroad, crowded with passengers from Coney Island, crashed into an obstruction on the tracks last night at Fifth avenue and Sixty-Fifth street, near the Fifth avenue tunnel. The train was running slowly at the time, and, fortunately, no serious damage was done. It was found that several heavy steel rails had been placed across the tracks and strongly braced with several other rails, and it appeared to the detectives who were at once put on the case, and to the train people, to be a deliberate attempt to wreck the train.

Coreans Arrested.

YOKOHAMA, June 14.—Many Coreans have been arrested at Seoul on charge of being implicated in a plot to influence the king to appoint his father regent and to oust the Russian and Japanese factions.

IMMIGRATION IDEAS.

Information on the Subject Asked of Trade Unions.

EVERY MEMBER HAS A VOTE.

By This Means an Effort Is Being Made to Obtain the Sense of Organized Labor on the Immigration Question in Its Several Phases—American Federation of Labor Scheme.

WASHINGTON, June 14.—President Gompers and the other members of the executive council of the American Federation of Labor have sent a greeting on the immigration question to affiliated unions in order by this means to obtain the sense of organized labor on the immigration question in its several phases. The greeting says:

"The subjects have been divided in such a manner so that each member may have a fair opportunity to vote either in favor of or opposed to the entire subject of immigration restriction, or upon the measure and scope of such restriction."

"Of course, those who are opposed to the restriction of immigration need give little attention to the manner by which restriction may be secured, while those who are favorable to restriction can fully discuss and decide as to the measures of restriction."

"The following are the questions submitted:

"First—Does your organization favor amending the laws of the United States to restrict immigration more than it is now restricted?"

"Second—Does your organization favor a provision in the law guarding against criminal and pauper elements into the United States?"

"Third—Should the foreign consular service and our immigration department be entrusted with greater powers to enforce immigration laws?"

"Fourth—Should the violation of the alien contract labor law by employers be punishable by imprisonment?"

"Fifth—Should the steamship companies be held responsible for a term of years for the character of their passengers?"

"Sixth—Should a stricter civil and educational test be enforced as to qualification for naturalization?"

"Seventh—Should every immigrant be compelled to declare his intention to become a citizen of the United States?"

"What other provision does your organization favor and suggest, if any, to further the restriction of immigration?"

"Organizations which expect to be represented at the Nashville convention of the American Federation of Labor, are urged to instruct their delegates so that the convention may fully express the real judgment of organized labor on the subject, and unions which will not be represented are directed to discuss and vote upon the question and to return the vote to headquarters not later than Oct. 30, 1897."

CYCLONE IN WEST VIRGINIA.

Several People Injured and Considerable Damage Done in the Town of Elkins.

WHEELING, June 14.—A severe cyclone struck the town of Elkins yesterday, and did considerable damage. Trees were uprooted, roofs were blown off, several houses lifted from their foundations, and the walls of new buildings under construction were wrecked. The house occupied by Henry Hay was blown from its foundation and his wife and child were seriously injured.

The damage was principally in the residence portion of the city. Trees and outbuildings on Senator Elkins' grounds were badly damaged.

Posten's new opera house, under construction, was completely wrecked.

WIND AND HAILSTORM.

Considerable Damage Done in the Vicinity of Caldwell, O.

CALDWELL, O., June 14.—A terrific wind and hailstorm passed over this place at about 3 o'clock Sunday afternoon. Many buildings were unroofed and hundreds of windows were broken by the hailstones, which were nearly as large as hens' eggs.

The roof of the Free Methodist church at Perryopolis was blown off while a meeting was in session, but no one was injured.

The hail stripped orchards of their leaves, and did an immense amount of damage to crops.

But meager information can be secured from points east of here on account of the lines being down.

Beat Her Husband's Brains Out.

LITTLE ROCK, June 14.—Near Tillar, Ark., yesterday, Mrs. P. A. Wilson killed her husband, beating his brains out with a hammer. Wilson was a well known lumberman, and brother of T. O. Wilson, formerly president of the T. Wilson Lumber company of Tillar. After committing the deed Mrs. Wilson surrendered to an officer. According to Mrs. Wilson's story she and her husband lived unhappily, and her husband had often asked her to commit suicide with him.

Fatal Accident on a Railroad Bridge.

JOHNSTOWN, Pa., June 14.—Two men were killed outright and one fatally injured on a Pennsylvania railroad bridge east of here a few miles, just before midnight last night. One of the victims was knocked into the Conemaugh river and his body has not been found. Identification has not been made. The rumor is that all three were Johnstown men, but railroad men believe they were tramps.

THE TARIFF ROBBERS.

Ex-Senator Ingalls, Republican, recently denounced the pending Republican tariff bill in the most scathing terms. The Philadelphia Record has something to add along the same line. It says:

The loudest yelps for protective duties on lumber come from the Senatorial attorneys of foreign syndicates that are engaged in pillaging the forest reservations of the United States. The loudest yelps for duties on wool come from ranch owners in the Rocky Mountain States, who are pasturing their herds of sheep on Government lands that do not cost them a cent an acre. The loudest yelps for a duty on hides come from the "Big Four" in Chicago, who expect to add the duty to their enormous profits without paying the western farmer 1 cent more for his cattle; and the most effective but secret work for a prohibitory duty on refined sugar is made by the Trust and its agents in the Washington lobby, who are now counting a prospective gain of many millions of fresh tribute annually from extortions upon American consumers. Still, the tariff-mongers in Congress protest that they have no connection with the trusts and monopolies, and that they are framing their bill solely for the good of the people and the increase of the public revenue!

Notwithstanding this bitter denunciation of the measure, the Republicans, with the aid of a few renegade Democrats, are pushing the bill through and this system of legalized robbery under the Dingley bill will soon be inaugurated.

Your Boy Won't Live a Month.

S. Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

The popular excursions on Captain Phister's fine steamer Lorraine will be inaugurated to-morrow evening. The First Anniversary Services
Attracted a Large Audi-
ence Last Evening.

Hon. Richard P. Ernst's Excellent Address.
Fine Musical Program—Brief Re-
view of Year's Work.

The first anniversary of the Young Men's Christian Association of this city was celebrated last evening at the First Baptist Church. That handsome and elegant house of worship was crowded, the large audience that assembled taxing the seating capacity of the church.

Many favorable comments were made upon the excellent music that was rendered. The Aolian Male Quartette covered themselves with glory, for their rendition of the two selections on the program could not be surpassed. The duet, "A Diamond in the Rough," by Miss Bessie Sutton and Mr. J. F. Ellis was sweetly rendered and reached the hearts of all. The voluntary postlude and accompaniments were played by Miss Lizzie Trouts and added much to the inspiration of the evening.

The "Review of the First Year's Work" by General Secretary Canfield did a great deal of good, for it showed the splendid progress of our local association in some brief facts. Mr. Canfield thanked all who had helped to make this work so successful, the President, Board of Directors, Women's Committee and all other committees as well as the members of the association.

The speaker of the evening was the Hon. Richard P. Ernst, of Covington, President of the association at that place. Mr. Ernst's address on "The Young Men's Christian Association From the Standpoint of a Business Man" was one of profit to all, for he depicted the need of the association in Maysville and by several timely witticisms drove these truths home. He mentioned some of the busiest and richest men in the world who are interested in this work and who never allow an opportunity to pass whereby they may help it along. If they are one of the Board of Directors, they are present at the meeting of the board and no matter what their other duties may be, they can be relied upon to do their part. These are the men that Maysville needs, so said the speaker, and, is he not right? But Maysville has some such men, and Mr. Ernst did not fail to notice that fact, for he congratulated us on our association rooms and upon the work which has been accomplished by the aid of our business men. We hope to have this gentleman with us again soon for all were benefitted by hearing him.

Following is a brief renewal of the first year's work as presented by Secretary Canfield:

Membership.—Enrolled during year, 414; lost, by death, 1; present membership: Regular, paying \$3, 325; juniors, paying \$1, 34; sustaining, contributing \$10 or more, 54; total, 413.

Spiritual.—Thirty-eight Sunday afternoon meetings for men, average attendance, 80; 2,400 printed card invitations distributed; religious papers from reading room files distributed among prisoners; Bible Training Class held thirteen sessions; week of prayer for young men observed.

Intellectual.—Excellent reading room, containing 42 leading publications, in constant use. Forty books donated by friends form nucleus of a library.

Social.—Pleasant parlor, with piano, songs, &c. Amusement room supplied with chess, checkers, crokinole, dominoes. Eight very successful socials and receptions; aggregate attendance, 1,770.

Physical.—The gymnasium, equipped with best of modern apparatus, has received excellent patronage. Forty-five medical examinations given by Drs. Smoot and Owens. Weekly program included class drills, basket ball, individual exercise, and special exhibition drills on three occasions. Business Men's Class, 41 sessions, average attendance, 10. Young Men's Class, 39 sessions, average 16. Boys' Class, 37 sessions, average 17. Fine shower and tub baths—3,027 baths taken; average daily, 22. Summer Sports.—Tennis club formed, base ball clubs organized.

Juniors.—Commencing in January the use of association rooms and privileges were granted to juniors (boys 10-15) on Wednesday and Saturday afternoons, including gymnasium drill.

Women's Committee.—The Women's Committee, composed of fourteen representative ladies, have labored earnestly and unselfishly for the welfare of the association. A "Ladies fund" of \$175 was collected and used to purchase necessary furnishings. The proceeds of an oyster supper, \$23, devoted to same purpose.

From the Treasurer's annual report the following figures are gleaned:

Mr. Ernst, who delivered the address last night, also spoke at the rally Sunday afternoon, and his address there was very beneficial, showing the true use to which we are to put the bible. The Aolian Male Quartette favored the audience with two stirring selections and Miss Agnes Dodson rendered some excellent music on the piano. Mr. A. D. Cole had general charge of the service. At the close, cool lemonade was served to all present. Attendance 48.

Bishop MAES will return before long from his trip to Rome, and the Catholics of Covington are preparing to extend him a glad welcome. A committee, consisting of E. J. Hickey, Revs. McNeerney, Schmidt, Smith, Kollopp and Blenke, was appoint Saturday to meet the Bishop at Maysville, and act as escort to Covington.

WHEN a call was made upon Governor Bushnell for militia to protect a negro who outraged a lone widow at Urbana from the violence of a mob, he ordered out a negro company, Springfield. Politicians interfered and prevented the carrying out the order. Suppose a company of negro militia had fired on the white men surrounding the Urbana jail, remarks the Georgetown News-Democrat.

Dover Messenger: "Last Monday Jas. P. Mannen and wife went to Maysville taking their pretty little three-year-old daughter Bird Franklin with them. While Mr. Mannen was on Court street, Maysville, talking with some gentleman, his little daughter wandered off down street. Mr. Mannen in a short time missed her and was becoming alarmed about her when she was found west of the cotton factory, having wandered a distance of nearly half a mile. She was not frightened half as much as her parents and told the little boy who found her that she was going to the Bee Hive Store."

Have You Seen Our Dollar Kid Gloves?

THE VICTORIA KID GLOVES.—France is its birth place, though it has an English name. We have the sole control for this city, but we had to agree to purchase a certain quantity each month. To insure a rapid sale we have placed the price of the gloves at \$1. Stores in other cities who handle these gloves charge \$1.25.

FIT-EASY CORSETS.—We call them that because they are the easiest fitting corsets in the world. But don't take our word for it. Try a pair and your money back if you want it. \$1.

WASH GOODS.—What an unendurable season summer would be without these beauty spots—Organdies, Mulls, Lappets, Gingham, Dimities, Swisses—all are here and properly priced from 5c. to 35c.

LAND FOR SALE!

I will offer at private sale 600 acres of Land lying in Salt Lick Valley, in Lewis County, Ky., and two and a half miles from Vanceburg, the county seat, and on a good turnpike. There is 100 acres of bottom land and 500 acres hill land. The hill land produces tobacco, corn, wheat and grass and is also the finest fruit and strawberry land in the State. The bottom land grows corn, wheat and timothy hay, and has 1,000 choice fruit trees on it now. There are two good dwelling houses, a good stock barn, an almost new tobacco barn, a good corn crib and plenty of water for stock and family use. This is one of the best stock farms in the country. This farm is for sale under a judgment recently rendered in the Lewis Circuit Court and is offered at \$1,500, which is a very low price. Will make purchaser a warranty deed. For further information address E. C. ROWLAND, Vanceburg, Lewis County, Ky.

MR. MADISON WORTHINGTON.

Another One of the County's Prosperous Farmers and Best Known Citizens Passes Away.

Died, at his home at Fern Leaf, on Saturday, June 12th, about 11 a. m., after quite a long illness, Mr. Madison Worthington, aged seventy-six years.

Mr. Worthington was one of the best known and most highly esteemed citizens of Mason County, and was one of our most prosperous farmers. It will be remembered by our readers that his wife preceded him to the grave only a couple of months. He leaves six children,—Mrs. Fannie Black and Mrs. Lizzie Longmore, of Covington, Mrs. Eldon Claybrook, of Bourbon, Ex-Senator Worthington, of this city, Mrs. Louis Smoot and Miss Sue Worthington, of Fern Leaf.

The remains will be laid to rest to-day at Germantown, after services at the home at 2:30 o'clock, conducted by Rev. W. W. Hall.

Sale of Some Fine Horses.

Mose Daulton & Bro. sold recently to Dr. R. W. Timberlake, of Anstead, W. Va., one fine combined mare; to J. H. Miller Montgomery, W. Va., one fine saddle and harness gelding by Eureka Lad, dam by Artist; to Joe Kindig, one brown gelding; to same, one dapple gray mare, pacer.

MR. PHILIP ROTH.

The Final Summons Came to Him Saturday Night at His Home Above Aberdeen.

The venerable Philip Roth died at 9 o'clock Saturday night at his home above Aberdeen in the seventy-fourth year of his age. He was a sufferer from general debility, and his condition had been serious for some time. Deceased was married three times. His last wife survives him, and he leaves twelve children, among them Mrs. Kate Bierley, Mrs. Robert Dawson and Mr. Henry Roth, of this city.

Burial in Charter Oak Cemetery, after funeral services at 2 o'clock this afternoon, conducted by Rev. John S. Hays.

MR. EDWIN COOPER died at the home of his daughter, Mrs. Robt. Cook, of Helena, June 8th, after an illness of several weeks. The remains were buried by the side of his wife at Olivet. Deceased was sixty-seven years of age and was born and raised near Orangeburg. He leaves one son and two daughters, the latter being Mrs. Robert Wells, of this city, Mrs. Robert Cook, of Helena.

GEORGETOWN News-Democrat: "Judge Markley and Auditor Jennings arrived at home from their Kentucky fishing trip to the North Fork of Licking Friday last. Fishing in that region is of the very finest, and they feasted until they were tired of fish. They report the stream full of bass and that the natives regard bass as a poor fish. They report the crops backward, and came home impressed with the belief, from the number of times they hauled up before toll gates, that the stories that raiders are destroying all gates in Kentucky are fakes."

THE TOBACCO OUTLOOK.

The Prospects Are That This Year's Crop Will Show a Big Falling Off.

BROOKSVILLE, Ky., June 11.—The tobacco crop in this county will be the smallest in years. Only about one-third of the prospective crop is out. Plants are plentiful, and the farmers are only waiting for a good season. The acreage will not be much more than half the acreage usually put out. The farmers are stocking their farms with cattle, and will pay more attention to that industry in the future, there being no money in raising tobacco at the low price it is now commanding.

MT. STERLING, Ky., June 11.—Inquiry among the tobacco growers of this (Montgomery) county develops that there will not be, at the highest estimate, over 75 per cent. of the usual acreage planted this season. Growers generally have the ground they propose to plant in tobacco in very fine condition, but not over 10 per cent. of the crop has been put out, and the stand is very poor. Growers are waiting for a season, since there is but a comparatively small portion of the tobacco land in this county on which a machine planter can be used to advantage, and there has been no good season thus far for hand planting. Plants are plentiful and in fine condition. In order for this county's crop to be counted a factor in the market this year, we must have a good rain within the next week or ten days. No fresh land is being devoted to tobacco, and the disposition of all farmers here seems to be to quit, or at least largely curtail, the crop in future.

A special from Cynthiana says: "The tobacco crop this year of Harrison County will hardly equal one-half of the enormous crop of last year. Up to the present time there has been no good season, and the farmers do not seem to care whether they have a season or not. Plants are very scarce, and there will be acres of land that can not be cultivated on this account."

Similar reports come from other parts of the State.

THE receipts of the supper given by the ladies of the M. E. Church, South, Friday evening amounted to about \$25.

SHANNON.

Corn is still very small, and backward, also gardens, for the 11th of June.

Wheat is looking well generally with the exception of some few fields that are nearly taken with white top.

Very little tobacco set in this neighborhood, and planters are getting uneasy. Some talk of setting with settlers if it does not rain in a few days. The advance in price has caused quite a stir in tobacco circles in the last week.

Death of Mrs. Elizabeth Leachman.—The little village of Sardis wears deep mourning for her dead, the late Mrs. Elizabeth Leachman, who was so quickly and unexpectedly taken from our midst Monday, June 7th. She was truly a good woman. She united with the Methodist Church sixty years ago and had been an active member ever since, having been a Sunday school teacher thirty-nine years. She will be greatly missed in this community and her place will be hard to fill. The funeral was held in Sardis Wednesday at 11 o'clock, conducted by Rev. J. D. Redd, assisted by Revs. Wm. H. Calvert and Heber Wightman, who all paid glowing tributes to her Christian character. Burial at Shannon cemetery.

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has throughout his life kept his digestion good and his blood pure. Not one in a thousand does do it. Germs go through the healthy body with out effect. Let them once find lodgment or let them find a weak spot, they will develop by the millions and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them unwholesome matter, and the man will lose flesh and the more susceptible he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It isn't medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all germs of disease, and replaces impurities with rich, red blood.

CINCINNATI TOBACCO MARKET.

Strongest of the Week This Year—What is Said of the Coming Crop.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

The tobacco market started on Tuesday with considerable animation, there being a desire on the part of speculators to purchase, and with the demand from the manufacturers' buyers full prices were obtained. This caused some larger offerings on Wednesday, and with a strong competition we considered the market the strongest of the year, especially for red tips and medium leaf. While the lower grades were active and some higher the advance was not quite so decided as on the other grades. The demand for best grades is confined to a very few buyers, and they do not advance in proportion to the mediums. Offerings on Thursday were not quite so large as Wednesday, and we expected a very firm market. There was an inclination to lower prices, however, as the speculators did not bid so liberally as they did on Wednesday and an easier market was the result. The decline resulted in very light offerings on Friday, which caused the market to rally some.

The general feeling is that our tobacco market must do better, and a good many are holding back for a boom, but our experience in the past has been that the long-winded holders generally crawl out of the little end of the horn, and the successful dealer is the man who is satisfied with a reasonable profit and accepts the opportunity. Almost every year we have a strong market in June, especially if the shipments are backward, but it most always declines a little later, and the losses are made then by the holders waiting for higher prices.

Reports from the country about the setting are more favorable, although we do not think there will be any excess of an ordinary crop. This will probably hold the market up until it is positively decided what the growth will be.

The fast eastbound express on the Wabash railroad ran down and killed Philip Sandoz, aged 70, of Wabash, Ind., as he was walking on the track in the western part of the city. Mr. Sandoz, when struck, was facing the engine.

Engineer Jacob Corn, of the Missouri, Kansas & Texas road, stopped his train and got out of the cab near St. Joe, Mo. He thought he had killed a child. His entire train passed over it, but he found it unhurt. It had been asleep on the track.

Miss Evelyn Louise Lease, daughter of Mary E. Lease, the Populist orator of Kansas, has accepted an invitation to deliver a lecture in July before the national Chautauqua assembly, in Jamestown, N. Y. This will be her initial appearance as a lecturer.

W. D. Carroll, aged about 50 years, was killed by a freight train on the Cincinnati and Muskingum Valley railroad, at Roseville, O. When first seen by the engineer he was sitting on the track with his legs across the rails. The man had been drinking for a few days, and it is thought it was a case of deliberate suicide.

While Conductor Cobb and Brakeman Matheny were attempting to put two colored men off a Chesapeake and Ohio freight train near Charleston, W. Va., one of the negroes severely cut the conductor's face with a razor and the other shot the brakeman in the thigh. The negroes were stealing rides, and both escaped.

In the bottling department of the Clarksville ice factory of Clarksville, Tenn., two large drums containing carbonated gas exploded, killing George Dick and George Munford, boys aged about 13, assistants in the bottling works, badly injuring Manager J. C. Matill, killing a horse and considerably damaging the plant.

The turnpike question in Garrard county, Ky., has been temporarily settled by the county leasing all the pikes in the county, paying therefore a sum equal to the amount of toll collected during the same time in '98, deducting therefrom the expense of collecting. The stockholders of the various roads will keep them in repair. The cost to the county is \$30,000.

New York, June 14.—Two men were drowned from a catboat in the Hudson off Fort Lee yesterday afternoon. The party on the yacht were Miss Emma Guilmette; her brother, H. E. Guilmette, and W. Morton Smith. The boat was struck by a squall and went over. The launch Lorna Doone was some distance off and went to the rescue. Before she succeeded in reaching the boat the two men had disappeared. Miss Guilmette was still floating, and was dragged on board the launch, where she revived.

THE LEADING GROCER.

At Ruggles' Camp Ground.

SATURDAY, JULY 3, at 10:30 a. m., the following privileges will be let to the best bidder: Hotel, Confectionery, Stable, Baggage room and Barber shop. The board reserves the right to reject any or all bids.

The meeting on these beautiful and much improved grounds will be held beginning July 22, and closing on August 1. Eminent divines will be present. Rev. M. Swadner, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired.

A fourteen-room house has been built with porches all around, making accommodations for any and all comers. The Tabernacle has been enlarged and the hotel will be improved by the directors this year. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 150 feet deep, and water of which has been analyzed and contains the following medicinal qualities: Total solids, 3.6 to the liter, soluble salts 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts 0.44 to the liter, consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Freng-r and J. G. Dover, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents write to
